**BAXTER ANNOUNCES FINAL RESULTS OF
BAXALTA EXCHANGE OFFER**

DEERFIELD, Ill., May 24, 2016 – Baxter International Inc. (NYSE: BAX) (“Baxter”) announced today the final results of Baxter’s previously announced offer to exchange up to 13,360,527 shares of common stock of Baxalta Incorporated (NYSE: BXLTA) (“Baxalta”) owned by Baxter for shares of Baxter common stock. The exchange offer expired at 11:59 p.m., New York City time, on May 18, 2016. Under the terms of the exchange offer, for each share of Baxter common stock that was validly tendered and not validly withdrawn by a stockholder and that was accepted by Baxter pursuant to the exchange offer, subject to proration as described below, Baxter will deliver 1.1591 shares of Baxalta common stock to or at the direction of such tendering stockholder. As a result of the completion of the exchange offer, all 13,360,527 shares of Baxalta common stock owned by Baxter will be distributed to Baxter stockholders who validly tendered their shares in the exchange offer, and Baxter will not hold any shares of Baxalta common stock.

Because the exchange offer was oversubscribed, Baxter accepted only a portion of the shares of its common stock that were validly tendered and not validly withdrawn, on a pro rata basis in proportion to the number of shares tendered. Stockholders (excluding certain plan participants in Baxter savings plans) who beneficially owned “odd-lots” (less than 100 shares) of Baxter common stock and who validly tendered all of their shares and made the appropriate election were not subject to proration in accordance with the terms of the exchange offer. The final proration factor of 3.6178959 percent was applied to all other shares of Baxter common stock that were validly tendered and not validly withdrawn to determine the number of such shares that have been accepted from each tendering stockholder.

Based on the final count by the exchange agent, Computershare Trust Company, N.A., the final results of the exchange offer are as follows:

- Total number of shares of Baxter common stock validly tendered and not validly withdrawn: 283,708,484
- Shares tendered that were subject to proration: 282,398,761
- “Odd-lot” shares tendered that were not subject to proration: 1,309,723
- Total number of shares of Baxter common stock accepted for exchange: 11,526,638

The exchange agent is expected to deliver shares of Baxalta common stock as follows: (1) with respect to shares tendered through the Depository Trust Company (“DTC”), to the account of DTC on May 25, 2016, so that DTC can credit each applicable DTC participant (and such participant can credit its respective account holders promptly thereafter), and (2) with respect to shares

tendered outside DTC, to the direct registered accounts of the respective holders by May 26, 2016. Payments in lieu of fractional shares of Baxalta common stock will be delivered after the exchange agent has aggregated all fractional shares and sold them in the open market. Shares of Baxter common stock tendered but not accepted for exchange will be returned to the tendering stockholder in book-entry form promptly after the final proration factor is announced.
